Please ask for the detailed leaflet on all options and accessories.

1 V-Gard Helmets

- V-Gard worldwide most popular helmet over 120 million sold
- Textile suspensions: one-hand operating Fas-Trac ratchet or Push-Key slide
- 7 shell colour options
- Ventilated models and rain gutter available
- Extended peak for greater visibility and extra protection from sun and rain
- Glaregard® textured underside of peak
- Earmuff and visor attachment slots
- Custom printing & decaling available
- Certified to AS/NZS 1801 - Type 1

2 Optional Push-Key-Suspension for any MSA V-Gard

- **EASE OF USE:**
 - This is the fastest sliding suspension on the market: simple push to loosen, squeeze to tighten
 - Can be adjusted with one hand even when worn
- **SURE FITTING:**
 - It offers greater retention capacity than competitive sliding suspensions because it's so much easier to select the best adjustment position
- **ADJUSTABILITY:**
 - 2 levels of nape adjustment for fitting comfort
 - Designed to avoid interference with other PPE such as ear muffs
- **SWEATBAND COMFORT:**
 - Sweat-wicking replaceable foam gives the user our 'coolest yet' V-Gard experience

3 V-Gard Visors and Frames

MSA PATENT

- Unique 3-point visor loading to fit and remove visors quickly
- Sloped design allows material to easily slide off the frame
- Works with or without ear muffs
- 20 visor versions to suit all applications
- Reliably protect against impact, chemical splash, high-temperatures, short circuit electric arc, UltraViolet and InfraRed
- Optional: debris control to create a tight seal and chin guards
- Browguard V-Gard Headgear uses same visor range

4 V-Gard® Helmet Attached Hearing Protection **MSA PATENT**

- Superior Performance - Offers the highest attenuation for a cap-mounted earmuff on the market.
- Enhanced Comfort and Fit - Improved sealing ring and adapters optimize pressure on the ears for all-day comfort.
- Modern Style - Incorporates red, yellow, and green color-coding on the backplate and front logo to easily identify level of attenuation.

5 Chinstraps

- 4 points chinstrap
- Elastic or textile zebra bands
- Easy to attach and remove from the shell with plastic hooks

6 Lamp Brackets

- Metal Lamp Bracket and Plastic Lamp brackets
 - Both are mounted on the helmet during production
 - Both meet the correct lamp positioning trajectory, minimising any 'eye blinding' incidents, offering the best trajectory for the onboard lamp
- Professional and robust solution mounted during helmet production
- Metal Lamp Bracket: ensure that a fixed lamp will tilt to shine in the correct trajectory

7 Reflective Stickers

- Silver reflective available to increase night visibility

8 Eye Protection

- Wide range of MSA spectacles and goggles

9 Customisation

- Top-quality and durable printing on 4 helmet sides in any colour
- Name of each user on an individual sticker

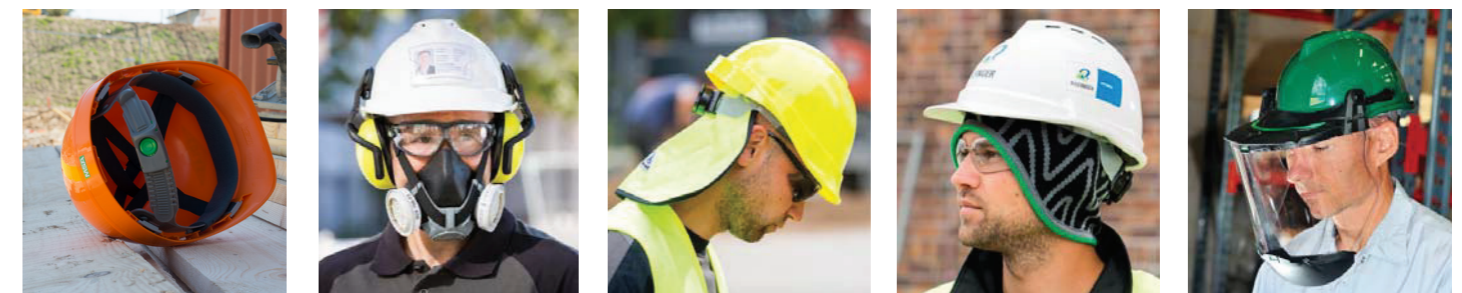

10 Neck Capes

- Washable neck capes

Winter Liners

- 2 models with different performance levels: warmth, flame, water, arc; earmuff compatibility
- Approved for use with MSA Caps and Hats

Applications

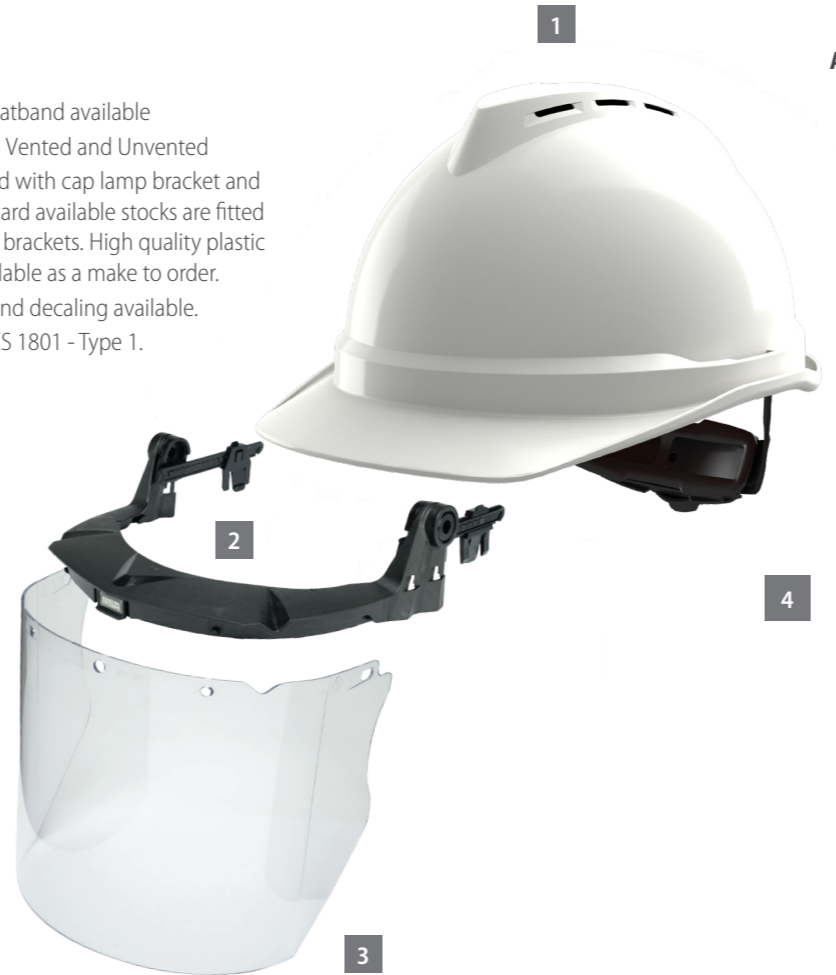

1 V-Gard™ 500 Protective Caps

The V-Gard™ 500 is a premium industrial helmet offering class leading protection in a light weight, comfortable and stylish design that works as hard as you do.

With our patented 6 point Push-Key or ultra-premium Fas-Trac® suspension, all day comfort and safety is assured

- Classification:** Type 1
- Applications:** General Purpose
- Material:** ABS
- Features:**
 - 6 points Push-Key suspension with its innovative adjustment concept brings an extraordinary way to enhance user retention and comfort.
 - Glaregard® textured underside of peak greatly reduces glare and associated eye strain.
 - Extra large cooling vents provide heat extraction for added comfort.
 - Rain gutter for wet conditions.
 - Earmuff and visor attachment slots allow compatibility with accessory range.

- Replaceable sweatband available
- Available in both Vented and Unvented
- Miners caps fitted with cap lamp bracket and cable clip. Standard available stocks are fitted with metal lamp brackets. High quality plastic brackets are available as a make to order.
- Customisation:** Custom printing and decaling available.
- Standards:** Certified to AS/NZS 1801 - Type 1.
