

GFPR501

Graphex® Premier^{EXT}

Features

- 13-gauge Graphex® cut resistant yarn perfect for heavy duty tasks
- Extended cuff for added forearm protection
- Certified to Contact Heat Level 1 under EN 407:2020
- Contact Food Safe under AS 2070:1999 (FDA 21CFR177.2600)
- Extended thumb and forefinger saddle for product longevity
- Sandy nitrile coating for superior use in wet and dry conditions
- Extended wear with up to 15,000 abrasion cycles
- Touch Screen friendly
- Silicone and fibreglass free construction
- Actifresh treated to inhibit odours and bacteria
- 360 degree breathability
- UPF50+ offering maximum sun protection

Standards & Certification

Graphex® recognise that without product certification by a Notified Body all product performance testing, and adherence to standards claims cannot be independently verified. If they are not as claimed, serious safety implications for the wearer, and legal implications for the supplier and even the employer may arise. Graphex source their entire range of Synthetic hand protection from a single manufacturing partner to ensure consistency and reliability of product, but most importantly Graphex have taken the further step of engaging a globally recognised Notified Body to audit and certify both the manufacturing process and the products. All of Graphex's hand protection is certified as per AS/NZS and CE hand protection standards.

Specifications

Part No.	GFPR501
Liner	Graphex®
Coating	Sandy Nitrile

Packaging

1 12 144

Sizing & Fit

Available Sizes

- GFPR501.XS X Small
- GFPR501.S Small
- GFPR501.M Medium
- GFPR501.L Large
- GFPR501.XL X Large
- GFPR501.2XL 2X Large
- GFPR501.3XL 3X Large

Dexterity Level

Maximum Dexterity Level 5
 Certified under AS/NZS 2161.2:2020
 and EN ISO 21420:2020

Key Technologies

Graphex® Yarn

Graphex® yarn provides the highest levels of mechanical performance, with exceptional comfort and dexterity.

Actifresh

The Actifresh Sanitized treatment neutralizes odour creating bacteria. Gloves are kept fresher for longer. Actifresh resists UV degradation and maximizes product longevity.

Touch Screen Friendly

The wearer can leave their gloves on while answering phone messages, reducing the chances of a workplace hand injury.

Reach Compliance

Required Safe pH Level

Certified under AS/NZS 2161.2:2020 and EN ISO 21420:2020

AZO Dye and Irritant Chemical Free

Certified under AS/NZS 2161.2:2020 and EN ISO 21420:2020

Sun Protection

UPF50+ Sun Protection

Pass under AS/NZS 4399 Sun Protective Clothing.

Tested by Australian Radiation Protection And Nuclear Safety Agency (ARPANSA).

Glove Care

Machine Wash <40°C

Cold Water Rinse

Dryer <60°C
